You can go to the shopping malls to pick up groceries, snack etc. Departure and arrival will vary a bit from day to day depending on activities. Normal time for departure will be around 12.00 and pickup at the city centre for return, will normally be between 14.00–16.00.

AURORA BOREALIS

The location is actually one of the best locations in the world for aurora observations. Weather we cant control, but we have a micro climate that makes the location very good for aurora observations. Because of this we dont need to go chasing as the weather is normally worse at other nearby locations if it is bad at our place. This is the place to go if you seek silence and relaxation.

We hope you enjoy your stay!
